

Author Name: _____

Manuscript Number: _____

Manuscript Title: _____

Each author must complete the following form prior to acceptance of their paper:

I. Authorship:

The authorship policies of *Energy Material Advances* follow those recommended by the report "On Being a Scientist", 3rd Edition, published by the US National Academy of Sciences (<http://www.nap.edu/catalog/12192.html>). In particular, we note that "just providing laboratory space for a project or furnishing a sample used in the research is not sufficient to be included as an author, although such contributions... may be recognized in a separate acknowledgment section."

In order to meet our requirements for authorship of a paper, you must have participated significantly in the reported research or writing of the paper. Please affirm that you meet these criteria by indicating your contribution to all of the following descriptions (from 0 to 100%):

Authorship Activity	Level of participation					
	0%	20%	40%	60%	80%	100%
Participated in the design and/or interpretation of the reported experiments or results.						
Participated in the acquisition and/or analysis of data. Indicate which data: _____						
Participated in drafting and/or revising the manuscript.						
Primarily responsible for a particular, specialized role in the research (e.g. statistical analysis, crystallography, preparation of cell lines, etc) Briefly state roles: _____						
Provided administrative, technical or supervisory support.						

The senior author from each lab or group must answer this question: I have personally checked all the original data that was generated by my lab or group:

Yes Not applicable; I am not the senior author or lab head.

If yes, these data are presented in these figures and tables (including the Supporting Online Material):

I have reviewed, or will review, the revised manuscript and approve of its submission to *Energy Material Advances* for publication.

Yes No

If my university or institution has a separate publication license that applies to me (as required by Harvard, MIT, Open University, *et al.*) I have applied for a waiver.

Yes There are no publication policies or restrictions limiting my ability to grant exclusive publication rights to Beijing Institute of Technology Press ("BITP").

II. Data sharing:

I affirm that all data necessary for a reader of *Energy Material Advances* to understand and evaluate the conclusions of the paper will be archived in an approved database and made available to any reader.

Yes No

III. Materials sharing:

I understand that after publication, all reasonable requests for materials and data must be fulfilled.

Yes No

Energy Material Advances must be informed of any restrictions on sharing of materials [Materials Transfer Agreements (MTAs) or patents, for example] applying to materials used in the reported research.

No, there are no MTAs

Yes. Information on MTAs is described below.

IV. Conflict of Interest:

Energy Material Advances has a primary responsibility to its readers and to the public to provide in its pages clear and unbiased scientific results and analyses. We think that our readers should be informed of additional relationships of our authors that could pose a conflict of interest. Thus, for readers to evaluate the data and opinions presented in this journal, they must be informed of financial and other interests of our authors that may be at odds with unbiased presentation of data or analysis.

Therefore, *Energy Material Advances* believes that manuscripts should be accompanied by clear disclosures from all authors of their affiliations, funding sources, or financial holdings that might raise questions about possible sources of bias.

Disclosure is accomplished in three ways:

First, by a complete listing of the current institutional affiliations of the authors.

This list must include academic as well as corporate and other industrial affiliations. As the editors deem appropriate, items in this list will be included in the author affiliations printed in the manuscript. Please indicate below:

_____ Yes, all my affiliations are listed on the title page of the paper.

Additional affiliations not on the title page are:

Second, through the acknowledgment of all financial contributions to the work being reported, including contributions "in kind." All funding sources will be listed in the published manuscript. Please indicate below:

_____ All my funding sources for this study are listed in the acknowledgement section of the paper.

_____ Additional funding sources not noted in the manuscript are:

Third, through the execution of a statement disclosing to the Editors all financial holdings, professional affiliations, advisory positions, board memberships, patent holdings and the like that might bear a relationship to the subject matter of the contribution. The Editors will determine whether the material disclosed to them should be published as part of the article.

The following are declarable relationships: **Financial:** Significant financial interest (equity holdings or stock options) in any corporate entity dealing with the material or the subject matter of this contribution. Please disclose the entity and the nature and amount of the holding:

None

I have a financial relationship, as described below.

Management/Advisory affiliations: Within the last 3 years, status as an officer, a member of the Board, or a member of an Advisory Committee of any entity engaged in activity related to the subject matter of this contribution. Please disclose the nature of these relationships and the financial arrangements.

None

I have a management/advisory relationship, as described below:

Paid Consulting: Within the last 3 years, receipt of consulting fees, honoraria, speaking fees, or expert testimony fees from entities that have a financial interest in the results and materials of this study. Please enumerate.

None

I have a consulting relationship, as described below:

Patents: A planned, pending, or awarded patent on this work by any of the authors or their institutions. Please explain.

None

I or my institution has a patent related to this work, as described below

Declaration: I declare that I have read *Energy Material Advances'* full Conflict of Interest Policy and have disclosed all declarable relationships as defined therein, if any.
